50 yen off for entrance ticket of Science Station or Globe Theater

Hitachi Civic Center Science Station

Let's play "Science"!!

One of Japan's largest science-themed jungle gyms, "Inspiration Honeycomb", offers science-related learning through physical activities.

The 'Kids Garden' is specially designed for children under preschool age to enjoy science-themed activities. With convenient nursing and diaper-changing rooms available, parents and children can use the space comfortably and with ease.

At the "Science Studio", daily dynamic experiment shows are held in front of the audience. Through interactive talks, the audience can enjoyably and easily learn about science.

At the "Globe Theater (Planetarium)", audiences can immerse themselves in beautiful starry skies and the magnificent universe. Additionally, animated projections are available during kids' time.

Today's Schedule for Science Station and Globe Theater

- ★ Science Show
- ★ Planetarium show
- ★ Science-Inspired Crafts Workshop
- ★ Special Events
